Field Trip Reservation Information

- Phone: 414-278-2714

Policies

- For grades 1-12, at least one adult is required for every ten students. For grades PreK-K5, at least one adult is required for every five students.
- Please book your visit at least four weeks in advance. Education, docent, and planetarium program availability and offerings are not guaranteed and subject to change.
- Confirm your head count with the Customer Service Representative two weeks before your visit.
 - Please Note: No changes in head count or program/ tour will be accepted after the two week deadline. The Museum cannot offer a refund if your head count decreases after your payment has been made, and cannot accept payment at the door.
- Prepare your students for your trip by going over the Behavior Contract.
- Prepare your chaperones; make sure they know the Chaperone Guidelines.
- We encourage each student and adult in your group to wear a name tag or school shirt that you supply. (This cost can be covered by the Kohl's Cares Field Trip Grant Program in the "Required Materials" section.)
- If you would like to have your students write or draw, please bring your own clipboards, pencils and paper. To protect the Museum's collection, only pencils are allowed in the galleries. (This cost can be covered by the Kohl's Cares Field Trip Grant Program in the "Required Materials" section.)

Planetarium Program

Wisconsin Stargazing

Take a live tour of the current Wisconsin night sky in this 22-minute guided planetarium program. A lively astronomy educator will show you all of the current sights on a clear dome theater "sky," such as planets,

constellations, meteors, and other fun celestial phenomena. The program includes a cosmic Q&A session and requests from the audience.

Special Exhibitions

Beyond the Blade: Weapons through History

Fall 2017

Additional fee for admission to special exhibitions.

Explore the history of personal weapons at this exciting new temporary exhibition. At *Beyond the Blade: Weapons through History* students will uncover how humans have used weapons as tools for survival, expressions of national identity, and even as works of art. Using artifacts and objects from MPM's collections, life-size figures and interactive programming, your students will learn that weapons have a rich history that extends beyond violence and brutality. .

Maya: Hidden Worlds Revealed

Spring 2018

Additional fee for admission to special exhibitions.

For the first time, archaeologists are sharing the secrets about this fascinating society in a singular and unforgettable museum experience! *Maya: Hidden Worlds Revealed* uses a combination of authentic artifacts along with multimedia and interactive, hands-on activities to reveal our deep ties to this astonishing civilization.
